

## Qualifications

BS - Computer Science 2020  
College Station, Texas - Texas A&M

**Environments** GNU/Linux, BSD/macOS

**Languages** Golang, Python, Rust, ES7 (react, redux, node), HTML5, CSS3, SASS, SQL, Ruby, PHP, C++, Shell

**Software** Bash, Git, SVN, Mercurial, VIM, GNU Coreutils, Vagrant, npm

## Experience

**Chick-fil-a** Cashier and Cook — *April 2015 - Present (now seasonal)*

- Acted as a cheerful and helpful cashier on the front counter, taking orders through the drive through monitor, taking orders with iPads on the drive thru, and taking payments and delivering food at the window of the drive thru.
- Made drive thru drinks quickly to order, at a through put of about 25 soft drinks and 3 shakes per 5 minutes when busy.
- Bagged orders for front counter and drive thru window quickly and correctly, working with the kitchen staff to make sure all of the food was made on time.
- Worked in kitchen, making salads, sandwiches, chicken nugget boxes, and fries quickly.
- Stocked entire store with fresh lemonade and sweet tea, ice, soft drink syrup, fixing broken machines, restocking fresh salads and fruit bowls.
- Served customers in the dining area, keeping the dining area clean, and attending to customers with empty drinks and parents with fussy children.

**Forest Glen Springs Camp** Program Staff — *May 2017 - September 2017*

- Worked in a team promoting safety and fun on the Challenge Course. Belayed campers on the climbing wall and traversing bridge, transferred campers to the zipline and encouraged them to face their fears and have fun!
- Facilitated archery and marksmanship, encouraging novice marksmen and markswomen, and teaching best practices for safety, accuracy, and excitement!
- Organized the water front activities: Stand-up paddle boards, canoes, "The Blob", and kayaks, with a safety and fun oriented attitude.

**Camp Wilderness Ridge** Camp Counselor — *4 weeks in July 2017*

- Organized games and team building exercises to grow relationships, teach the campers, and have fun.
- Led the campers through low-ropes team building exercises.
- Worked through the daily bible study and nightly talk with the campers.

## Side Projects

- [github.com/jasikpark/tamu\\_bus\\_routes\\_project](https://github.com/jasikpark/tamu_bus_routes_project)

Plan to provide a standard API to Texas A&M's bus map to allow Google Maps and Apple Maps and Transit App to provide current and modern access to the bus times around A&M campus.

- [github.com/jasikpark/DeathWorldersProject](https://github.com/jasikpark/DeathWorldersProject)

This project downloads the online epic "The Deathworlders" which is only available as an html ebook, parses it, and creates files to read it on iPhone and Kindle.
